HOW THE LUKAS COMPANY WAS BORN

In the 1930s, in his native city of Kremenchuk, Borys Lukatsky headed the enterprise called «Chervonnyy Pchannyk», which produced almost everything from bread to sweets.

But Lukatsky knew how much the locals loved sweets.

Therefore, he paid special attention to delicacies, jotting down the most interesting and unique recipes in his notebook.

FOLLOWING THE GENERATIONS, WE **CREATE** A LEGACY

The memory of Borys Lukatsky, his ideas and possessions are preserved in family stories, rare photographs, and old recipe records.

This inspired the continuation of the family business and gave life to the LUKAS confectionery company.

This is how the past paved the way for the modern history.
